

GREEN BAY PREBLE HIGH SCHOOL ACTIVITIES BOOK

Where Champions Are Made!
2011-2012 SCHOOL YEAR

FROM THE ACTIVITIES DIRECTOR

Dear Student:

One of the most rewarding experiences one can have at Green Bay Preble High School comes in the form of involvement in our co-curricular program. I hope you find our 2011 edition of the Co-Curricular Handbook helpful in understanding the wide variety of opportunities that exist. Involvement in activities prepares our young people for the challenges of adult life. Life is reflected in activity endeavors and success is facilitated by:

- Consistent preparation for practice and competition
- A positive attitude
- Dedication to a cause
- Establishing and striving for high standards of conduct and attitude

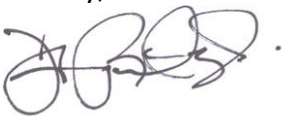

As a result an individual's total education extends beyond the classroom. The purpose of an effective co-curricular program must be to provide each student with opportunities for emotional, cultural, mental, physical and social growth. This growth can be accomplished through activities that support and advance the curriculum, promote common interests, develop a sense of ownership in the school, and reflect and enhance the goals of the District.

In order to accomplish this purpose, the co-curricular program should exhibit the following characteristics:

1. High level of participation
2. Equal access for all students
3. Responsiveness to students' interests/talents
4. Faculty participation/support
5. Interaction with parents and community
6. Diverse opportunities
7. School/community service
8. Development of leadership qualities
9. Enjoyable experiences and positive attitudes
10. Promotion of a curiosity about and an interest in many different activities
11. Development and demonstration of students' talents and skills
12. Management by skilled and effective sponsors and coaches

I encourage you to take advantage of these opportunities and get the most out of your years at Green Bay Preble High School. Best wishes to you during the coming school year.

Sincerely,

Dan Retzki, Associate Principal/Activities Director

STUDENT ACTIVITIES

Philosophy Statement for Co-Curricular Activities

The Green Bay Area Public School District believes co-curricular activities are an integral part of the total educational process. Through participation in these opportunities, students can have experiences and training in events not ordinarily obtainable in the general curriculum. Policies have been developed and are implemented to cultivate the high ideals of good citizenship, community involvement, and personal growth. Although the co-curricular program is a valuable part of the total educational experience, participation in co-curricular programs is a privilege, and not a right. Student participation carries with it certain responsibilities and expectations that promote growth toward becoming a responsible member of society. Participants must abide by the rules and responsibilities that apply to each co-curricular program in which they are involved in order to continue participation in these activities. We expect students to be a credit to themselves, their family, school, and community.

The Goals of Co-curricular Activity Participation

1. To teach attitudes of responsibility, cooperation, and sportsmanship; to help students realize participation in co-curricular activities is a privilege with accompanying responsibilities.
2. To provide activities for learning self-discipline, loyalty, team play, cooperation, personal pride, pride in organization, respect for the rights of others, and the will to be successful.
3. To provide the opportunity and to encourage all students to participate in co-curricular activities identified as a basic educational tradition.
4. To encourage all students who participate in co-curricular activities to reach their potential.
5. To provide school experiences of interest for all students to develop school spirit, community, and commitment, thereby developing a sense of connectedness.
6. To place the unit, team, squad, class, and school above personal desires.

Code of Conduct Purpose Statement

The first purpose of the Green Bay Area Public District Co-Curricular Code of Conduct is to establish clear and consistent academic and behavioral expectations for students to follow when participating in school district athletic and co-curricular opportunities. The second purpose of the code is to inform the students and parent(s)/guardian(s) of the consequences that will occur for rules' violations. Finally, participation in co-curricular activities is a privilege, not a right.

Membership

At least one parent or guardian and the student must attend a co-curricular rules interpretation meeting prior to the start of the student's first session of participation. If a parent or guardian and/or the student cannot attend the meeting, arrangements for an alternative meeting must be scheduled with the Activities Director. No student may practice or participate until this requirement is met. The co-curricular code book is available in each high school office. The participation letter (Appendix B) must be signed by both the parent and the student and submitted to the main office.

STUDENT ACTIVITIES

LEADERSHIP

Each of these organizations gives students the opportunity to learn "First Hand" leadership skills.

Diversity Circles

Eligibility Requirement:

Must be a junior or senior in good academic standing. Have good attendance and no behavioral issues.

Description:

A group process, which looks at the viewpoints and perspectives on race related matters. Students are engaged in exercises and activities that provide opportunities for in-depth conversation on this topic. Students will research and assess data relative to the achievement gap and in return develop action plans and strategies, which will help benefit all students academically. Students must be open to honest conversation and acceptance of different viewpoints.

Time Commitment:

Two times per year for two periods at a time for four days.

Procedures for Joining:

Advisors select junior or senior in good academic standing or email aeolsonguillen@gbaps.org.

Activity Time Period:

October through April

Membership Limit:

Diversity Leadership Group

Eligibility Requirements:

Must have good attendance, no behavioral concerns and maintain good academic standing in all of their classes.

Description:

The goal of the Diversity Leadership Group is to create tolerance, acceptance, and unity in both the Preble and Green Bay communities. Diversity leaders come from a wide range of backgrounds, but have many things in common such as integrity, a strong work ethic, as well as motivation and passion. Volunteer work serves as a medium through which Diversity Leaders attempt to close the achievement gap between white and minority students. Collaborative brainstorming with students of other schools, as well as with professionals at conference workshops allow for diversity leaders to bring fresh, positive ideas to Preble. Student Diversity Leadership will strive for years to come to make Preble all it can be.

Time Commitment:

Meets once a month after school and sometimes during 6th hour.

Procedures for Joining:

Members are selected by the advisors. Those students selected will be invited to an end of the year meeting to discuss plans for the following school year or email aeolsonguillen@gbaps.org.

Activity Time Period:

September to May
